Professional Summary

AI Content Creator with a track record of producing high-volume, on-brand short-form video at scale. Delivered 60+ AI-generated videos for healthcare and education clients in under one month, sustaining a 5–10 video/day production pace using Higgsfield, HeyGen, CapCut, and Claude. Grew designpreneurss to 30,000+ organic followers through trend-driven reels and consistent brand storytelling.

Experience

Influx Health Hyderabad, Telangana
AI Content Creator (Short-Form Creative Content) *Jul 2026 – Present*

- Produce 60+ short-form AI videos for healthcare and educational-support clients within one month, sustaining a 5–10 video/day production pace.
- Architect an end-to-end AI video pipeline spanning Higgsfield for generation, HeyGen for avatar and voiceover, and CapCut with motion design for editing and polish.
- Script and structure ideation-to-storyboard workflows using Claude to accelerate production timelines.
- Deliver vertical, caption-ready videos with consistent branding across specialties, meeting healthcare-compliant messaging standards.

Attacked AI Chennai, Tamil Nadu
Creative Design, AI Content & Digital Marketing Intern *Aug 2025 – Dec 2025*

- Shot and edited short-form videos and reels for social campaigns, leveraging mobile videography and CapCut to cut turnaround time under tight deadlines.
- Generated AI-assisted images and videos powering daily visual storytelling across marketing channels.
- Produced branded creatives and managed content publishing workflows for AI-driven media, including podcast production.

EVtron Tech Chennai, Tamil Nadu
Digital Marketing Intern *May 2025 – Aug 2025*

- Planned and executed end-to-end social campaigns for an EV charging brand; contributed visual storytelling and presentation design to a 2nd-place finish at the IBCN Innovation Challenge.
